**1%** Declined to Answer

Dear Kearny County community member,

This fall marks our 22nd consecutive set of quarterly town hall meetings, through which we seek your perspective and communicate honest information related to Kearny County Hospital.

This brochure, which we call a Fast Facts sheet, is the fourth of our regular quarterly reports for 2018. It is intended to inform you of the value of your investment in the hospital and foster more questions, which may be answered at our fall town hall meetings scheduled for:

Monday, November 5 – 6:00 p.m. at the Kearny County Hospital Classroom in Lakin

Tuesday, November 6 – 6:30 p.m. at Chachi's Place in Deerfield

Wednesday, November 14 – 12:30 p.m. at the Kearny County Senior Center in Lakin

Over the summer, a group of six very bright Kearny County Hospital interns from Baylor University successfully administered a community perception survey to 55% of our households, asking you for input on the growth of Kearny County Hospital, our quality of care, our stewardship of finances, the status of our facilities and your ability to access care. This quarter's Fast Facts illustrates your responses to that survey, which we are using to modify our future strategies to continue serving you.

If you have any questions related to this information or our healthcare delivery system, please email them to me at [banderson@kearnycountyhospital.com](mailto:banderson@kearnycountyhospital.com) and I'll do my best to come prepared to answer them.

As always, we are here to serve you: our family, friends and neighbors.

Sincerely,

A handwritten signature in black ink, appearing to read 'Ben Anderson', with a small 'MSA' monogram to the right.
