RE: Positive Resident at High Plains Retirement Village and Assisted Living

Date: August 28th, 2020

This notification is to inform you that a resident has tested positive for COVID-19 in our Dementia Neighborhood.

The safety and wellbeing of our residents is our top priority. We are now in the process of testing staff and residents who work and reside in the Dementia Neighborhood. Our policy states that any resident who tests positive for COVID-19 will be admitted to Kearny County Hospital for isolation purposes.

All visitation will be suspended immediately inside and outside at HPRV. The Assisted Living visitation plan will remain the same. All visitors at Assisted Living will be screened for signs and symptoms of COVID 19. Visitors are required to have a mask on at all times during visits. Please feel free to reach out with any questions or concerns that you may have at this time.
